The Organization also affirms that the documents submitted for certification will not pertain to the export of controlled goods; if affirmative, that it (or its clients) will obtain the necessary authorizations prior to submission to the Board of Trade.

Further, the Organization waives and agrees to release and hold harmless the Board of Trade and its officials in respect of all claims or expenses that the Organization or foreign authorities may have against the Board of Trade or its officials, now or in the future, in connection with such certification, and to indemnify the Board of Trade and its officials in respect of any costs or liability to the Board of Trade or its officials arising from such certification.

The Organization acknowledges that the Board of Trade will keep copies of documents certified with the background documentation provided. If the Board of Trade is presented with a demand for production of documents which is authorized by law, the Organization authorizes the Board of Trade to produce documents received from the Organization in accordance with the demand. The Organization also agrees to make readily available to the Board of Trade any other background documents (to be kept by the Organization for up to three years after the certification), for review by relevant authorities if requested.
